

My Chiropractic Success Story...

Symptoms Before Treatment:

Medications I was on:

• Had lower back pain from an accident snowboarding

• No medications taken before or after treatment

Improvements in My Life:

Why I would recommend Select-Care Chiropractic, P.C.:

• Better sleep– had interrupted sleep before

• Holistic treatment is the best source before pain medication and surgery

I give Select-Care Chiropractic, P.C. rights to share my Chiropractic Success Story with others.
